HISTORY MADE AT LOCK NO. 4 IN SAND AND GRAVEL SHIPMENTS

Immense Lot of Material Goes South to Rices Landing to be Used at New Lock

COAL TRAFFIC IS HEAVY

Trade Better During August Than It Has Been Since October of 1913—Rivermen Kept Busy Handling Vast Volumn of Business.

Unusual shipments of sand and gravel and the biggest monthly shipment of coal since Ocotber 1913 were repored at Lock No. 4 this morning by Lockmaster George W. Paxton. History was made in the sand and gravel trade and practically all was consigned to Lock No. 6 at Rices Landing, where the government is rebuilding the lock.

The up stream traffic was as follows: Lockages 446, steamboats 319, boats, barges and flats 1,533, sand 1,001,000 bushels. gravel 1,084,000 bushels, general merchandise 147 tons.

Down stream the traffic was: Lockages 450, steamboats 318, boats barges and flats 1,564, coal 19,638,000 bushels.

In the lock records the average sand and gravel shipments per month are usually below 100,000 bushels. Considering that over a million bushels of each went through the lock during August, the vast increase is particularly noticeable.

In October of 1913 the total shipments of coal were 19,933,000 bushels, which is but slightly above the August record for this year.

HOW MUCH IS A COW'S TAIL WORTH? JUST $10

Alderman at Monongahela Appoints Appraisers to Decide Case When Damage Suit is Brought—Bovine Lost Switching Apparatus

How much is a small portion of a cow's tail worth? That question was decided at Monongahela Thursday evening. The answer is $10.

Before Alderman McAlister two young men and two boys aged 11 and 13 years of Courtney were given a hearing on the charge of cruelty to animals. Mrs. Elizabeth Domonick alleged that the quartet caught a cow belonging to her, tied a stout rope to its tail and attached the other end to a tree. They then proceeded to make the cow run the gauntlet, with the result that the bovine lost a portion of her switching apparatus.

Two were discharged by the alderman. An appraiser was appointed to assess the damage to the cow in competing the case against the other two. They reached the conclusion that the cow's ail was worth about $10 and costs and let it go at that.

PULLS POSTS IN MINE AND PRECIPITATES AVALANCHE

Foreigner Unable to Save Himself When Rock Falls on Him—Hard Work to Rescue Body

When four ton of slate fell on him while he was pulling posts Thursday afternoon at the Jumbo mine of the Pittsburg Coal company near McDonald Andrew Slovinchi, aged about 50 years was crushed to death. Working constantly, men of the rescue corps were engaged almost two hours before the body was recovered. The pulling out of a post precipitated an avalanche of rock and the man was unable to save himself.

Slovinchi leaves his wife and six children. The funeral services will be held at the late home Saturday morning at 10 o'clock. Interment will be in the Robinson Run cemetery.

EARLE COMES TO THOMPSON'S AID

Politics Said to Have Been Used to Get Uniontown Financier Out of Hole

EASY TO GET $22,000,000

Reports from Philadelphia that J. V. Thompson has arranged for the aid of George H. Earle, Jr., the Quaker City financier, are given credence in local financial circles. It is believed that Mr. Earle will take hold of the affairs of the First National Bank of Uniontown in an advisory capacity and will engineer the sale of some of Mr. Thompson's vast coal holdings. It is thought, too that Mr. Earle is likely to become a receiver for Mr. Thompson and that a coalition of financial interests has been effected to unravel the Uniontown tangle.

Several months ago Mr. Earle was approached by an emmissary of Thompson's on a similar proposition, but rejected it. This was after the unsuccessful efforts to interest the Morgan-Stotesbury interests. and at the time Wall Street turned a deaf ear to Mr. Thompson's plea for help, giving the financial stringency as the reason for his inability to get help. Now, it is said. State Senator William E. Crow has interested himself actively and has engaged the support of Senator Penrose who, in turn has called upon financiers to succor Mr. Thompson. It is believed that Mr. Earle will have no difficulty in arranging for the $22,000,000 needed to get Thompson on his feet.

Always $10.

PROGRAM FOR AUTO RACES IS COMPLETED

Labor Day Events at Belle Vernon Expected to Attract Immense Crowds—New Cars Entered in Seven Events

All plans have been completed for the big auto race meet to be held at the Belle Vernon track Labor day and indications point to a record breaking crowd. It is easily the biggest affair of the kind ever staged in western Pennsylvania. Seven events are on the program and the entries to date number ten of the fastest cars in the country.

For the past week, Spencer's garage, where the racing cars are quartered, has been the most popular place of interest in town. Every day hundreds of persons pay a visit to have a look at the powerful racers. One new car was entered last evening which did not participate in the races last Friday. It is Fife's Maxwell of Pittsburg. This makes four Pittsburg cars now entered. Fetterman and his Simplex, Rose and his Mercedes, Hasley and his Mitchell Bill and Fife and his Maxwell make up the quartet.

Other entries are C. W. Johnson of Uniontown with his Packard Greyhound, G. B. Gardner of Beaver with his Beaver Bullet, A. D. Spencer of Charleroi with his Buick Wildcat, Guy Woodward of Charleroi with his Junebug Ford and M. J. Hughdoe of Uniontown with his Yellow Kid Buick.

The program of the afternoon consists of trial heats against time, races for cars with limited piston displacement, pursuit and handicap races, free-for-alls, etc. The feature of the day, however, will be the big 20-mile free-for-all which will be the concluding event of the day.

The races will start at 2:30 which will give everybody time to take in any morning Labor day demonstrations which may have been arranged and still get to the park in time for the races.

Special car service will be in force during the day, from Charleroi and Monessen and other connecting points to the track in addition to jitneys and other form of motor vehicles which will operate at a specially reduced fare for that day only.

LABOR DAY TO BE BIG DAY IN MALTA CIRCLES

Big Outing to be Held by Numerous Commanderies at Oakland Park Near Here—Committees Looking After Details.

Labor Day will be a big day in Knights of Malta circles in the Monongahela valley. On that date an outing will be held by various commanderies from the Charleroi section at Oakland park. Interested in the movement for the outing are committees from Charleroi, Monongahela, Coal Centre, Brownsville, Perryopolis, Smithton, West Newton and Bentleyville. Sixty prizes will be given for various kinds of events.

Special cars will be run to the park, some of them to be from North Charleroi. A. B. Slaughter is the chairman of the Charleroi committee.

MAKE MERRY HERE AT EXPENSE OF NEWLYWEDS

Members of the Alpha Phi Beta fraternity and their friends made merry at the expense of Paul Kimmins and bride Thursday evening upon their return from their honeymoon trip to the east. Procuring a buggy they decorated it fittingly, and then seating the newlyweds in the vehicle, pulled it over the principal streets, marching behind the Charleroi Drum Corps, which furnished martial music. Ending at the Alpha Phi Beta rooms Mr. Kimmins treated to the cigars. Boys then took up the serenade and further treating was necessary.

YOUTHFUL ATHLETE IS BADLY HURT IN MINE

Frank Styperk, a Boxer of Some Note Suffers Internal Injuries When he is Crushed Between Cars—Jumped Away From Mule's Hoofs.

Frank Styperk, well known young boxer of Oakdale and a workman at the mine of the Carnegie Coal company near that place is in a serious condition at his home after being crushed between two coal cars in the mine. He is badly injured interally and doubt is held for his recovery.

Styperk was driving a mule in the mine when the animal began to kick, and Styperk to save himself, jumped out of the reach of its legs. The leap saved him from being kicked but threw him directly between two coal cars just as they were coming together. His body broken and crushed he was removed to his home.

The injured man is the son of Mr and Mrs. William Styperk of Oakdale and has won considerable renown as an athlete, especially in fistic circles. He is but 23 years old and has a wide circle of friends in Western Pennsylvania. He was married a few months ago He is known here.

ALLEGED TO HAVE BROKEN OPEN AT LOCAL STATION

Joe Radzelowski, aged about 15 years, and employed at a local glass plant was arrested Thursday by P. R R. Detective Henderson. The boy was caught in the act of opening the doors on the weighing machines at the Charleroi station and taking the money therefrom. The young man has been in trouble before and it is understood is now on parole by the juvenile court. He was taken before Alderman Wiper and his parents notified.

Mrs. Evan C. Kelly and daughter Miss. Mattie of McKean avenue spent Friday in Pittsburgh.

ARREST SIX WHO ARE CHARGED WITH BEING COUNTERFEITERS

FOUR DOGS RAISE OBJECTIONS TO THEIR SENTENCE OF DEATH

Offense is Being Owned by Unnaturalized Persons—Police to Have Charge of the Execution.

Four dogs who were imprisoned Thursday night in the borough lockup did not take kindly to their sentence of death, and this was the reason for some fancy and high pitched yelping—if yelping can be fancy and high pitched—that startled people this morning. The dogs were sentenced to death for being owned by foreigners. The legislature said some time ago in a law that an unnaturalized person could not own a dog, and the borough told the foreigners to bring them in. Four were in the first prize collection that were sent to the lockup and the police will have to look after their disposal.

DONORA OUTING NEXT SATURDAY

Joint School and Workingmen's Picnic Planned for September 11

ELDORA PARK TO BE PLACE

A combined school and workingmen's outing from Donora will be held September 11 at Eldora park, if present plans are carried out. The arrangements for the event, which is to be made a big day in the history of the town are under way, Superintendent J. B. Clark being the head of the committee.

Definite plans have not been completed. However, free transportation will be furnished the people to and from the park, the Eldora Amusement company having agreed to attend to this detail. A program of sports and various athletic events will be arranged. The park amusements will be operated at full blast.

Details will be announced as completed The school picnic was spoiled by rain at the beginning of the season and the workingmen's outing in the same way only a week ago. By combining the two Donora hopes to make up for what it lost in the way of amusement this summer.

ROWAND TO BE SPEAKER IN CHARLEROI LABOR DAY

J. B. Roward of Harrisburg, chairman of the Legislative board of the Brotherhood of Railroad trainmen and father of the full crew bill is to be the Labor Day speaker in Charleroi Monday at 11:30 o'clock. The speaking will take place at the bathing beach following a parade in which a number of autoists will participate.

Sextet Landed at McDonald As Result of Shrewd Detective Work

UNFINISHED COINS FOUND

Spurious Money Traced to Philadelphia—Secret Service Man Disguised as Tramp and Eats With Men He Later Captures.

Accused of making counterfeit money six persons were arrested at Sturgeon, near McDonald Thursday afternoon. They were taken to Pittsburg where they were committed to jail in default of $5,000 bail. The prisoners gave their names as Alfonso Giannette, aged 34 years; Pasquare Nola, aged 37 years; Pellingrint Guierriere, aged 24 years, and his wife, Maria Guierriere; George Robinson, aged 21 years, of Johnstown, Pa., and Thomas Lindsay, aged 19 years, of Swissvale.

The arrest of the alleged counterfeiters followed the tracing of the phoney money from Philadelphia and was accomplished after a bit of clever work on the part of a detective who disguised as a tramp, went to the boarding house where the work was being carried on and secured the evidence that led to the arrest.

A large number of finished and unfinished coins were found on the premises together with a quantity of equipment for making same.

Those who took part in the raid were United Sates Secret Service Operatives P. H. Ahern and Bartholomew Bratton and Deputy United States Marshall Frank C. Beatty.

MISSIONARY SOCIETY OF W. A. CHURCH MEETS

The Woman's Missionary Society of the Washington Avenue Presbyterian church held its monthly meeting Thursday morning in the Sunday school room of the church. Mrs. F. C. Stahlman, the president appointed Mrs. Robert Whitehead to conduct devotional exercises. "Africa" was the topic for study and Mrs. J. A. Henderson was the leader. She was assisted by Mrs. John Campbell, Mrs. Walter Pangburn, Mrs. Edwin McKay and Mrs. Lynn Robertson. The leader had provided a large map and she illustrated her talk by pointing out the established mission stations on the continent of Africa and called attention to the possible effects of the European war upon the future mission work in that country. Mrs. A J. Whipkey, of the First Presbyterian church was present and made appropriate remarks. A trio composed of Lila Campbell, Alberta Henderson and Audrey Eneix sang. Refreshments were served at the close of the program.

THIS WORK NOT FOR WOMEN.

In these days of activity among women and girls, it is not surprising to learn of some renewing efforts to enter another branch of work dominated by men—that of letter carrying. Big girls of Charleroi, too, are reported to have applied for letter-carrying positions there, where the service is to be inaugurated October 1.

Those at the head of Uncle Sam's postal department will not recognize the applications, predicts the McKeesport News. It is not the first time the postal department has had to grapple with the question.

As a mater of fact, few women and girls are fitted for such strenuous work. The job might by some be likened to a snap, but the person who thinks so needs only watch carriers leaving a busy postoffice to be disillusioned. It is hard work and nothing else and the kind of work that few women can stand. They might as well try to hustle heavy bars of iron, as husky laborers do. It is not unusual for a letter carrier to lug mail matter weighing from 40 to 60 pounds and even heavier, over much of a route. Men are built for such work, but not all of them. It is too much for some men. In a very short time we feel certain any women who might be permitted to become a mail-carrier—we mean the kind we have, who walk about 20 miles a day with heavy loads over their shoulders—would have to give up the work.

It takes the back, leg and other muscles of a strong man to get away with the mail-carrying job, despite the fact that it seems easy. The average citizen sees the letter carrier after he has covered much of his route, when his sack is half empty. To fully appreciate the work of the boys in grey, one must see them when they leave the postoffice on a busy day, with mail piled as high as the head, sufficient to fill two sacks.

And what would a pretty female carrier do about her hair, etc., in such a predicament? Yes, girls, the carrying of mail is a man's job. Ask any of the local carriers about it.

The borough has taken about the only course left open in arranging for the disposal of dogs made ownerless by the recently effective law prohibiting foreigners from keeping them. It isn't hardly square for the foreigner to have to pay for killing his dog now when he has only just satisfied his tax obligations.

The dog population is suffering considerably since the new dog law went into effect and it is good. And what would seem still more like paradise would be to get rid of a few hundred surplus cats.

It is not the most difficult thing in the world for a foreigner to get away after he has committed a crime. In the criminal annals of this county are contained the stories of scores of cases where the most wanted persons are the most conspicuous by their absence. We don't have our county policing system down pat yet.

PICKED UP IN PASSING

The artist was painting—sunset ed, with streaks of green dots. The old rustic at a respectful distance, was watching.

"Ah," said the artist, looking up suddenly, "perhaps to you, too, nature has opened her sky-pictures page by page? Have you seen the luminent flame of dawn leaping across the livid east; the red-stained sulphurous islets floating in the lake of fire in the west; the ragged clouds at midnight, black as raven's wing, hoving out the thundering storm?"

"No," replied the rustic shortly; "not since I signed the pledge."

A Scotchman in search of work was recently given employment as a lumber at a ship yard. His first job was to carry several heavy planks. After he had been at it for several hours he went to the foreman and said:

"Did ah tell ye ma name when ah started to work?"

"Yes," replied the foreman, "you said it was Thomson."

"Oh, then it's a'right," said the Scot as he looked toward the pile of planks he had yet to carry, "Am was just a-wunnerin' if ye tocht ah said it was Samson."

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. Climate Failed; Medicine Effective

Sufferers from Tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alterative. Read this:—

Weldon, Ill.

"Gentlemen:—Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Tuberculosis (bacilli were found). In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Now I am stout and well and can do any kind of work about my grain elevator." (Abbreviated).

AMONG THE THEATRES

PALACE—CHARLEROI

The vaudeville bill at the Palace the closing days of this week is the feature of the present season at the Palace theatre. All acts engaged for the week were played at the Harris last week. The Watson trio with Baby Gertrude featured was a good act of singing and dancing. Baby Gertrude is just five years old and still a talented performer. Raymond and May, two clever comedians are presenting "The Messenger Boys' Troubles." and Jimmy Dodd his latest musical offerings, "A Night in Pennant Town." On Wednesday Ethel Clayton and William Elliott were featured in the magnificent society drama, "The Fortune Hunter." Beautiful gowns, stage settings and electrical effects abound in this masterful presentation. On Thursday in addition to the vaudeville program was shown the three-reel Lubin DeLuxe feature, "Country Blood."

COYLE—CHARLEROI

Kiferle's orchestra, which played during this season at Shady Grove Park, Uniontown, returned to the Coyle theatre this week to play Wednesday night. With the splendid motion picture offerings of that night they attracted big crowds to the Coyle. The Wednesday feature picture was that of "The Sealed Valley" with Dorothy Donley assuming the leading role. This was a Metro subject of remarkable strength, action and emotion. The Paramount feature on Thursday was Violet Hemming in "The Running Fight," a novel production. "Leah the Forsaken" was another big production of Thursday. with Vivian Prescott and William Shay being featured. This was a Universal film.. A Nestor comedy was added to the Thursday bill to make it especially attractive the title being "Little Egypt Malone."

MAJESTIC—CHARLEROI

The Majestic theatre this week presented a bill that was replete with strong features with the Majestic orchestra adding to the attractiveness by its nightly musical rendition. The Mutual masterpiece, "The Ghosts" in five parts, with Henry B. Walthal and an all-star cast was an attractive drama of Monday night that enticed local crowds to the Fallowfield avenue house. Togeher with it meritorious single reel dramas were produced that for those who enjoy the short thrillers were more than delightful. Margaret Fisher was starred in "The Quest" Wednesday. This was a five-part masterpiece of strength and virtuality and one well calculated to hold breathless interest until the very last. All week Manager Polites and Gregory continued their policy of showing only the strongest films. They are announcing big attractions for the coming weeks.

GRAND—PITTSBURG

The Grand Opera House, on Monday morning, September 6, will inaugurate under the personal direction of Harry Davis a season of exclusive feature photo play productions with elaborate symphonic musical embellishments. This will mark the beginning of a new era for the photo drama in Pittsburg and the establishment in the beautiful, commodious and popular Grand Opera house of an institution similar to the Strand Theatre in New York city. Mr. Davis has engaged a symphony orchestra of twenty artists, who, with the cooperation of a fine organist, will play incidental and accompaniment music specially writen and arranged for the pictures. A magnificent new pipe organ is now being constructed and will be used in harmony with the symphony orchestra. None but feaure photo dramas will be offered and they will be exclusive in that they may be seen nowhere else in Pittsburg.

NEW DAVIS—PITTSBURG

On next Monday, September 6 in the afternoon, Harry Davis will initiate the fall and winter season of refined vaudeville in the New Davis Theatre, Smithfield, s, treet, Oliver and Sixth avenues. He will present that high class Keith quality form of the diversified varieties which has for many years occupied the Grand Opera house. In its new environment—one of the handsomest theatres in the world, with its splendid seating capacity. sumptuous decorations and magnificent furnishings—vaudeville will be more attractive than ever before. The list of features secured for the opening week includes Wilton Lackaye. one of the most eminent legitimate stars in the drama of today, who will be supported by a select coterie of fellow-players in a new one-act drama entitled "The Bomb." This is a graphic human interest story of the police system and introduces Mr. Lackaye for the first time in his brilliant career in an Italian character part. Charles Ahearn the foremost cycling comedian in the world and his big comedy company. will present the act, which was employed in Gertrude Hoffman's big review. Parillo and Frabito, in the dress of wandering Italian minstrels, will play a number of sweet-toned instruments and sing native songs. Dave Kramer and George Morton will caricature the southern darky in a varied range of moods, introducing humorous dialogue. funny songs and eccentric dancing. Eddie Carr and company are to play an original comedy called "The New Office Boy." It is a roystering farce in which Mr. Carr assumes the titular part. Love and Wilbur will do things that thrill on flying trapeze.

ALVIN—PITTSBURG

Not since David Warfield came forth as Herr Barwing in "The Music Master" has the American stage witnessed such another remarkable achievement in combined comedy and pathos as Louis Mann's latest and crowning achievement—that of Gustave Mueller in "The Bubble," which is the opening attraction at the Alvin s tarting with matinee Labor Day. The play has furnished the long-awaited revelation of this famous character actor in a part worthy of his highest powers.

The plot concerns the domestic joys and sorrows of the old delicatessen dealer who is persuaded by a fake promoter to buy a gold brick in the shape of fraudulent mining stock who suddenly believes himself rich and enters upon a period of reckless extravagance, plunging his good old wife into deep woe and then as suddenly awakes to threatened ruin and misery. All turns out well however and a pretty lowe romance of his daughter's also ends in wedding bells.

BABY'S DANGER PERIOD

ESPECIAL CARE REQUIRED FROM MAY TO OCTOBER.

Thoughtful Mother May Do Much to Protect Infant From Summer Illness—Simple Rules That Must Be Observed.

Prepared by the Children's Bureau U S Department of Labor.

From May to October the baby must be guarded with special care, if he is to escape the dangers which lurk about him in the hot days of summer

It is estimated that of the many thousands of babies who die every summer, principally in July and August, half might have been saved, since summer diarrhea may often be prevented with suitable care.

It is caused, in a large number of cases, by mistakes in the method of feeding, or by using impure milk, or other unsuitable dangerous foods, or by overheating the baby with too much clothing

The careful and thoughtful mother may do much, therefore, to protect her baby from this illness, by avoiding, as far as possible, its various causes Throughout this series of articles, mothers have been urged to observe certain simple rules for the health of the baby in summer These rules require

1. That the baby shall be fed on proper food in proper quantities at proper intervals

2. That he shall have no food between meals, but shall have plenty of pure, cool drinking water.

3. That he shall be kept as cool as possible by fresh air, plenty of baths, and very little clothing

4. That he shall be protected from flies and mosquitoes

If these rules are faithfully carried out many cases of summer diarrhea will be prevented If, however, the disease appears, the city mother should at once consult her doctor, or,

A Healthy Summer Baby.

if she has no physician, take her baby to the nearest infant welfare station, where competent physicians will advise her with reference to the care of the baby and trained nurses will assist her in following out the directions. It is of great importance to treat the disease in its first stage, as the second form of the disease is a serious one.

In [illegible] fatal [illegible] often [illegible] important [illegible] illness [illegible] the baby [illegible] already [illegible]

If the baby is [illegible] one or two nursings [illegible] ted, and only pure, [illegible] in its place. Nearly [illegible] breasts should be pumped at [illegible] usual nursing time to prevent their drying up.

Bottle-fed babies are much more likely to be the victims of summer diarrhea. When this happens, the bottle should be omitted for eight, twelve or twenty-four hours, according to the severity of the attack. Do not, however, keep food from the baby longer than twenty-four hours, except on the advice of a physician. When the bottle is resumed, the food should be much weaker than before: at least, half of the milk previously given should be substituted by water. The milk should be skimmed, and sugar should be omitted. The return to the former feeding should be made gradually, adding a little more milk each day and beginning to add sugar The more severe the attack has been, the more slowly should changes be made

If the baby is on "mixed" feeding, that is, partly breast and partly bottle-fed, the bottle feedings should be [illegible] if diarrhea appears, and the baby given once in four or five hours, with nothing but drinking water between meals.

The Children's Bureau publishes a pamphlet called "Infant Care," which is sent free of charge to anyone sending a request to the Chief of the Children's Bureau, U S Department of Labor, Washington. This pamphlet contains some simple directions for the care of the babies in summer which may help the mother to prevent summer diarrhea and other ailments of infancy.

FRIENDS OF CANDIDATES DISPLEASED AT DROPPING OF NAMES IN PUBLICATION

Friends of at least three candidates from the river section are rather incensed at the dropping of their names from the list of candidates published in Washington and Pittsburg newspapers within the last few days. John O. Watson of North Charleroi, candidate for county commissioner and J. D Brownelle of West Brownsville, candidate for director of the poor, both subject to Republican rules and Dr. T. M. Faddis, of Charleroi, candidate for the Democratic nomination for county commissioner were not included in the list of candidates as published.

ANTICIPATE GOOD RABBIT SEASON, OPENING NOV. 1

Nimrods anticipate a good rabbit season this fall and are oiling up their guns in readiness for the opening of the season, which will be on November 1, instead of on October 15 as announced at some points. The law for the opening of the season was changed some time ago.

How We Won Out

WE SAW THE PRIZE PRIZE AND GRABBED IT

Everybody in town knows that we are first in getting the news of everything. Last week we received a letter from Professor Munyon showing us a plan whereby he could rush his homeopathetic remedies direct from his laboratory into our store without losing any of their curative properties. We saw the importance of this offer and immediately sent in our order for a full line of his remedies.

We want to say that if anyone bought the remedies and they were not perfectly satisfied with results, that we were to return the money. He says "I want you to specially push the Rheumatism Remedy in order that people may know. Find the hardest cases in town, those that Doctors have failed to cure, and get them to buy a 25c bottle, and if it doesn't relieve stiff and sore joints, pain in the back, side, or in any part of the body before one bottle has been used give the people back their money. This certainly must inspire confidence as everybody knows that Munyon's Homoeopathetic Remedies are absolutely harmless and millions of bottles are sold every year.

He also sent us a few hundred packages of his new Paw Paw Laxative Pills and wants us to give them away absolutely free. He says these Pills are the best stomach and liver regulator that the world has ever known. They don't scour, they don't gripe. They school the bowels to act naturally and take out of the system all the poisons and matter that irritates the nerves and causes biliousness, headache and general debility.

We are also to give away a four page sheet of music free to everybody who calls
